Regarding the 2014 annual conference

The Administrator and Assistant Administrator reviewed all sessions submitted for the S&TD track at the Chicago annual conference. We are pleased with the quality of sessions submitted and hope many of the strongest will be approved. We have started discussion about possible S&TD events during the conference.

Webinars

We were invited to recommend webinars related to S&TD interests for 2014. Karen Tkaczyk gave a webinar on technical writing in January. We will look for other speakers to give webinars that would be of interest to S&TD members.
