Regarding the annual conference

The S&TD track at the annual conference was well received. It included two sessions by a great distinguished speaker—a chemist turned translator from Germany—and other diverse sessions that pleased many members. We held a dinner attended by about 40 people and a breakfast that was also a success. The agenda and minutes of the annual meeting have been posted on the division's website.

Nominating Committee

During 2015 the Nominating Committee will handle the election of Administrator and Assistant Administrator. The committee was formed by acclamation at the Annual meeting. Abigail Dahlberg, Patricia Thickstun and Steven Marzuola are its members.
