

ATA Science and Technology Division

Status Report July 2019

In brief

- We continue to post to the blog, most recently an interview with our new Twitter Administrator, Romina Marazzato. Romina has been posting regularly to our Twitter account, which has gained 55 new followers since October 2018.
- The science and technology sessions accepted for the Palm Springs conference include topics that have not been covered in recent years, such as genetic engineering of humans, sustainable development, and spacecraft navigation.
- We were active on the Yahoo e-mail forum (184 members), Facebook group (175 members), Twitter feed (646 followers), and LinkedIn group (193 members). Excluding Twitter, 7 S&TD members joined our social media groups. The total number of posts to our e-mail forum is comparable to this same period last year:

- At last count, we have 2,113 members (vs. 2,235 this same period last year).

Regarding the annual conference

Lebzy González is planning an off-site dinner during ATA 60. We are still considering options for another off-site event.

Leadership Council
