

ATA Science and Technology Division

Status Report October 2019

In brief

- We received several replies to our call for volunteers and will soon have two additional members supporting the S&TD Blog. We are still looking for a new webmaster to replace Mery Molenaar, who will begin her term as Assistant Administrator at ATA60. We plan to send another call for volunteers soon.
- We were active on the Yahoo e-mail forum (185 members), Facebook group (180 members), Twitter feed (643 followers), and LinkedIn group (197 members). Excluding Twitter, 10 S&TD members joined our social media groups. Our Facebook group continues to be our most active forum. The average number of posts to our e-mail forum has continued to decrease compared to this same period last year:

- At last count, we have 1,874 members, a decrease of 450 compared to early October 2018.

Regarding the annual conference

We have five presentations scheduled. The Leadership Council will have a lunch meeting on Thursday, October 24 right after our Division's Annual Meeting. Lebzy González and Carola Berger have organized an off-site dinner for Thursday at 7:00 p.m. So far 16 people have registered to attend, down from 21 at this time last year.

Leadership Council

Lebzy González
Nancy Leveson

Carola Berger
Romina Marazzato

Naomi de Moraes
Mery Molenaar
